All animals are boarded at the owners risk, although every possible care will be taken of them while in our charge. We provide a variety of feeds, but please note if your cat is on any special veterinary prescription diet you will need to provide this.

Any necessary veterinary treatment will be given and charged to the owners account. Cranmore Cattery will also charge £20 per veterinary visit. We will use our own vet whenever possible.

Cats must have an up-to-date vaccination against Feline Enteritis and Cat Flu. Vaccination certificates must be produced on arrival before your cats will be accepted for boarding.

Please note during all school holidays plus September customers will be charged for the original booking dates made. Even if you wish to arrive later or collect your cats earlier than originally booked. However, if a minimum of 60 days notice is given we will amend your booking dates.
